

# TWO COASTS' HERDING

Herdingclinic Level I  
„Bodylanguage-pressure and release“  
for beginner and advanced  
30.09. bis 02.10.2022

**Moin Moin,**

our Two Coasts' Team offers you a Herdingclinic for beginners and advanced. Our training methods are based on "Bodylanguage / pressure and release techniques". All herdingbreeds are welcome! The clinic is not limited by the dogs age (also suitable for puppies already). We mainly work on sheep, ducks are also possible if needed. Our property offers different places to train in, like small sortingpens, bigger trainingpens, a roundpen, 2 arenas (speep / ducks) and big fields.

We have long time experience in training herdingdogs and their handlers. In addition we are successful in trialing our dogs at international herdingtrials. We see every single dog as an individual and also each team as unique. Our goal is to build up a confident herding dog that is able to lead stock and solve problems as independent as possible.
